R 46

**RESOLUTION**

**Restrict the Transportation of Water**

A RESOLUTION TO: To control the pumping of water in the underground Aquifers and to control the movement of water across county lines.

WHEREAS, The unregulated pumping of the Aquifers and transporting to distant cities would drop the water level to a point that it would take generations to recover, if ever; and,

WHEREAS, The unregulated pumping of Aquifers will drop the water level, and in so doing will severely damage the wells of the rural residents and Senior Citizens, thus creating hardship and expense that they can ill afford; now, therefore, be it

RESOLVED, That the 11<sup>th</sup> Texas Silver-Haired Legislature urges and strongly recommend that the 80<sup>th</sup> Texas Legislature take all necessary measures to control the pumping and transportation of water from wells in the underground Aquifers where the well is located and authorize water districts to establish a permit system to control movement of water across county lines.

PASSED AND APPROVED this 13<sup>th</sup> day of September, 2006, by  
the Utilities & Natural Resources Committee.
